### RAILWAY HEADS SAY PROPOSED STRIKE IS AGAINST GOVERNMENT

**Allege There is No Other Possible Ground  
for Strike at This Time—Says Railways  
Complied With Law on Advance in Wages  
in 1920—Would Lower Wages and Rates**

(By The Associated Press)  
CHICAGO, Oct. 17.—Presidents of the leading middle western railroads in a joint statement tonight charged that the proposed railway strike would be a "strike against the government, called by the unions primarily for the purpose of nullifying the transportation act creating the labor board."

The statement said in part:

"The thing it is proposed to strike against is the decision of the railroad labor board authorizing the reduction of 12 per cent in wages which the railways put into effect on July 1, 1921. There is at present no other possible ground for a strike by the railway labor brotherhoods."

"The railway labor board was created by the transportation act passed by congress in 1920 which delegated to it the duty in case of disputes, of determining reasonable wages and working conditions of railway employees. The wage reduction put into effect on July 1 was authorized by the labor board under the provision of this act. Therefore the strike which has been ordered will be, if it occurs, a strike against a decision made by a government body acting in accordance with a federal law."

### CONGRESS DROPS PROPOSED PROBE OF KU KLUX KLAN

**Chairman Campbell  
Makes Denial of Al-  
leged Remark**

(By The Associated Press)  
WASHINGTON, Oct. 17.—The proposed investigation of the Ku Klux Klan by congress blew up today. After a ten minute session behind closed doors, the house rules committee, which at morning and afternoon sessions, put William J. Simmons, the Klan's imperial wizard, through a rigid examination, voted unanimously not to call any more witnesses.

Announcement of the committee's action was made by Chairman Campbell, and while the chairman and members refused later to make any comment beyond the bare statement as to witnesses, it is expected that an adverse report will be submitted to the house on a number of resolutions providing for such an investigation.

Final action, however, will not be taken until several absent members return to Washington, but house members have settled that they are done with the Ku Klux Klan unless the department of justice, conducting an inquiry of its own, comes forward with unexpected evidence.

Still showing the effects of his illness, the imperial wizard's voice weakened as he sat all day answering a whirlwind of questions.

There was an exciting moment at the outset, when Simmons dramatically declared that, according to information given him by Representative Upshaw, of Georgia, a man who was supposed to have been present at the trial of the late Senator Campbell, characterized his collapse as a "theatrical attempt to gain sympathy."

Campbell Makes Denial.

Quick as a flash Chairman Campbell declared there was not a word of truth in it. Mr. Crim, jumping to his feet in the confusion, declared the chairman's answer went for him and the wizard, still smiling, said he was glad to know it.

As he left the stand, Mr. Simmons, apparently with deep feeling, said he wanted to thank the committee for its consideration and courtesy.

Reference to the daily presence of an assistant attorney general and the one-day stay of William J. Burns, director of the department of justice bureau of investigation, was made by Representative Pou, democrat, North Carolina, while he was examining the wizard.

Asking if he had been intimidated by the presence of Mr. (Continued on Page Four.)

### UNKNOWN DEAD OF ENGLAND IS HONORED BY U.S.

**Pershing Bestows the  
Congressional Med-  
al of Honor**

(By The Associated Press)  
LONDON, Oct. 17.—The most sacred reward for valor within the power of America to confer was bestowed today upon the tomb of Great Britain's unknown warrior, whose resting place is in the nave of the historic Westminster Abbey.

In the presence of a representative of the king, the prime minister, diplomats and others of note, representing France, Japan and other governments, the American ambassador and an Anglo-American assemblage, General Pershing placed the congressional medal of honor upon the wreath-covered stone during the course of strikingly impressive ceremonies.

The scene within the ancient walls of the abbey was perhaps the most significant in England as an indication of friendship and union between England and America that has occurred since the historic victory march in 1919, when General Pershing headed his battalion in a great ceremonial function.

The king was represented today by the Duke of Connaught. Others present included Winston Spencer Churchill, Lord Lee of Fareham and representatives of various government departments, the army, the navy and other branches of the military service.

People Arrive Early.

An hour before General Pershing's arrival, people began to take their places within the abbey and long before his arrival the transepts and nave were well filled. Seats had been reserved on either side of the tomb, which was decorated with an autumn wreath of heather and copper-United leaves. In these seats the representatives of the various nations took their places. Shortly before 11:30 the Duke of Connaught and Sir Henry Streetfield, representing Queen Alexandra, were escorted to seats near the tomb by the abbey custodian, wearing wig and gown.

The Scots guard band played several selections which, by a signal from the custodian, gave place to the soft notes of the abbey organ. Soon after 11:30, United States Ambassador Harvey, General Pershing and their party entered the abbey by the north transept, facing parliament square.

After only a moment's pause, the dean and clergy, with the choir headed by the beadle bearing the cross of Westminster, led the rite slowly up the nave.

As the procession moved toward the tomb, the organ played and the choir sang the hymn, "The Supreme Sacrifice." A line of twenty American soldiers and twenty sailors on one side and a line of Great Britain's fighting men on the other, standing at attention, formed an avenue for the procession.

General Pershing and Ambassador Harvey walked side by side, followed by Vice-Admirals Niblack and Twining, Premier Lloyd George following them between the ministers of war and the navy. Dean Ryle conducted the party to the barrier surrounding the tomb, over which, a few seconds afterward, Ambassador Harvey paid tribute to the thousands of England's unknown dead symbolized in the grave before him. At the conclusion of his tribute he designated General Pershing to bestow the medal.

The American general then stepped forward and Vice-admiral Niblack held the medal while General Pershing addressed the assembly.

Upon concluding his remarks he took a few steps toward the center of the tomb and placed the medal upon a cluster of green leaves. He then stood for several seconds in silent salute.

Afterward Dean Ryle, in response to General Pershing's remarks said it was with a feeling of profound and respectful gratitude that they of the ancient abbey received America's tribute.

The bestowal of the medal, he said, was an added pledge of brotherhood on the part of the American people in the days of peace as in the days of war.

### RETURNS FROM EAST.

Miss Hattie Scott has returned to her home in Franklin after a visit of nineteen weeks with relatives and friends in Newark, N. J.

A general reduction in rates without a further reduction in wages would be ruinous to many railways. Thus far in the year 1921 the railways have earned a net return of only 2.6 per cent, and, although the net earnings have increased recently owing largely to the recent reduction in wages, a general reduction in rates without a further reduction in wages would put the railways back in a very precarious position financially.

The statement declared the roads were in sympathy with the

### King George Sends Message to Harding

(By The Associated Press)  
LONDON, Oct. 17.—King George today sent a message of warm appreciation to President Harding for the tribute of the United States to Great Britain's unknown warrior. The message contained an announcement of the desire of the king to confer the Victoria cross on the American unknown soldier on Armistice day.

The king's message reads:

"I wish to express to you and the congress and people of the United States the warm appreciation felt throughout this country of the tribute you are paying today to our unknown warrior. The gift of your medal of honor to a British comrade in arms, whose tomb in Westminster abbey stands for all our best endeavor and hardest sacrifice in war, is a gesture of friendly sympathy and good will which we will not forget."

"On Armistice day, representatives of the British empire in Washington will join with you in the ceremony held to honor the splendid record of your own troops. I greatly wish on that occasion to confer on your unknown warrior our highest decoration for valor, the Victoria cross. It has never yet been bestowed upon a subject of another state, but I trust you and the American people will accept the gift in order that the British empire may thus fitly pay its tribute to a tomb which symbolizes every deed of conspicuous valor performed by the men of your great fighting forces, whether by sea or land, upon the western front."

"I also send my heartfelt good wishes to the great international conference which opens by your initiative on that day. My ministers, I know, will strive as wholeheartedly as yours to make that conference a sterling success. May they, in common with yours, do all that practical statesmanship can achieve to perpetuate the comradeship of war in the maintenance of peace."

### Condensed Telegraphic News

(By The Associated Press)  
QUINCY, Ill., Oct. 17.—Two general stores, a drug and hardware store, and a garage were entered by burglars at Leonard, Mo., near here last night.

Eleven hundred dollars worth of liberty bonds and postage stamps, besides a quantity of goods were taken.

DALLAS, Tex., Oct. 17.—Two persons were burned to death and at least seven were injured, three probably fatally in a fire which destroyed a boarding house here early today. There were 30 persons in the house, a number of whom escaped only by jumping from upstairs windows.

SPRINGFIELD, Ill., Oct. 17.—Advanced gas rates sought by the Central Illinois Public Service company, for Taylorville and Pana were resuspended for the second time, until April 17, 1922, by the Illinois Commerce Commission today.

MACOMB, Ill., Oct. 17.—Two daughters of C. P. Cina, president of the McDonough County Farm Bureau, were killed yesterday when the automobile they were driving home from Sunday school turned over. Mabel, 15, was killed instantly and her sister, Mary, 9, died two hours later. The accident occurred near Scioto, 10 miles from here.

### MEETING OF LEGION WILL BE HELD SAYS COMMANDER EMERY

**Threatened Railroad Strike  
Will Not Pre-  
vent It**

KANSAS CITY, Mo., Oct. 17.—Commander John G. Emery of the American Legion, in a long discussion with the members of the A. E. Hutchings of Kansas City last night, stated that the national convention of the Legion, scheduled to be held here October 31, November 1 and 2, would take place even though the general railroad strike call should go into effect October 30.

Commander Emery counseled those in charge of the convention arrangements against further messages urging that the strike be delayed a week so as not to interfere with the convention. Such a message was sent today by the local committee. He said:

"Such an appeal is not dignified and the American Legion does not have to get down on its knees and supplicate the organizations in order to have its convention. The speakers scheduled to speak will be there and the delegates will be there. The American Legion will see that they are here."

QUINCY, Ill., Oct. 17.—The Ku Klux Klan is barred by the defense from serving on the jury to try Dave Harris, prominent merchant, charged with arson, on account of the race prejudice expressed by that order, the court announced today. Every man examined is questioned as to whether he is a member.

### FEDERATION OF LABOR MAY SEND HOWAT MESSAGE

**Resolution for This Action  
Will Come Up Wed-  
nesday**

(By The Associated Press)  
ATLANTA, Ill., Oct. 17.—A resolution calling upon the Illinois Federation of Labor to wire commendation to Alexander Howat of Kansas, for the course he pursued as leader of the Kansas union miners will be offered Wednesday at the thirty-ninth annual convention of the Illinois Federation of Labor, it was announced today.

The motion for the resolution was sponsored by Richard Captstick, a member of the same union local as John L. Lewis, national president of the union miners and leader of a successful fight to have Howat removed as the leaders of the Kansas miners. Howat is now serving a jail sentence imposed upon him for the alleged calling of a strike in violation of the Kansas industrial law.

"I do not believe in endorsement of any violation of law," President John L. Walker said, in discussing the Howat resolution. "In this case, however, we have an alleged statute which operates to enslave men, and no red-blooded American can endorse slavery."

FOCH TO BE GUEST OF  
KNIGHTS OF COLUMBUS

New York, Oct. 17.—Marshal Foch has accepted the invitation of the Knights of Columbus to be the guest of their national body at Chicago, November 6, Supreme Knight James A. Flaherty announced today.

### ULSTER QUESTION BELIEVED TO BE THE BIG ISSUE

**Sinn Fein Believe Un-  
ity of Ireland is  
Necessary**

(By The Associated Press)  
LONDON, Oct. 17.—The Irish conference had another two-hour session today. Complete reticence is maintained as to the nature of the discussion, which is believed to have concerned the Ulster question. The date of the next meeting will be fixed later.

There was great activity in the Sinn Fein headquarters after adjournment of the conference, but assurance was given that no unforeseen hitch had occurred.

Inquiry at both the Irish office and Sinn Fein headquarters disclosed that as yet neither side has been able to estimate the prospects of concession by the other. The Sinn Fein maintains its full separatist claim and still makes unity of Ireland an indispensable condition to membership in the British commonwealth. Elaborate statistics have been prepared for submission to the conference to prove the injustice of excluding northeast Ulster. The next stage is expected to be the presentation by the Irish delegates of a plan of local autonomy within the Irish state which will then be submitted to Sir James Craig, the Ulster premier.

If the government supports Ulster in refusing any compromise the conference it is declared will break up, and the Irish delegates return to Ireland. If the Ulster difficulty is overcome, finance and trade policy will be debated, the Sinn Fein having prepared long statements on both these subjects. Both sides agree that if the conference continues over Friday a settlement will be in sight. Behind the scenes, pressure is being employed to both sides for and against peace. Civil and military representatives of the Irish government, who have been in conflict with each other in Dublin castle, are now in London, urging their respective views.

Members of the Sinn Fein profess to discredit statements made in the newspapers here that American supporters of their movement are threatening withdrawal of subscriptions if peace is not made, and they equally discredit the rumor that influential members of the Sinn Fein organization in Ireland, including one minister, are urging the break-up of the conference and the resumption of warfare.

### NO OTHER ILLINOIS BANKS ARE INVOLVED

(By The Associated Press)  
SPRINGFIELD, Ill., Oct. 17.—State Auditor Andrew Russell's office announced tonight that it was improbable that any Illinois banks, other than the Union State Bank at Hanover and the Bardolph State bank would be closed as a result of activities of Jourgen Olsen, North Dakota financier, whose operations are said to have impaired the assets of banks in North Dakota, Wisconsin, Indiana and Illinois.

Olsen is interested in banks at Winona and Colchester, Ill., but bank examiners said these institutions backed by local stockholders will continue to do business.

Olsen had seventeen banks in North Dakota, when in 1920, he began acquiring bank property in Illinois and other states. He was rated high and paper he offered was generally accepted because of his credit in the northwest.

### PERMISSION GIVEN FOR PROGRESSIVE RAILROAD STRIKE

**Was Made Public Monday Night by Warren  
S. Stone, President of Locomotive En-  
gineers—Says Railroads Notified Em-  
ployees of Immediate Reduction of Wages**

(By The Associated Press)  
CLEVELAND, Oct. 17.—The official permission for the railway workers included in the "Big Five" transportation organizations to begin the progressive strike at 6 A. M. Sunday, Oct. 30, signed by the heads of the organizations was made public here tonight by Warren S. Stone, president of the Brotherhood of Locomotive Engineers. The order from the five chiefs was sent to the general chairmen.

Mr. Stone's statement follows:

"The men's position and their reasons for striking are in part as follows:

"When the transportation act of nineteen hundred and twenty became a law it was hoped by the employees that all disputes would be adjusted, and decisions rendered by the board would be complied with by the carriers and employees. Instead of complying with the decisions of the labor board the railroads soon began to disregard or flout its decisions."

"Flagrant cases of this being the action of the Atlanta, Birmingham and Atlantic, the Erie, the Pennsylvania railroad and many other cases that could be cited."

"It is well known and admitted by all that the railway men were the last to receive any increase during the war period. During August, nineteen hundred and nineteen the Brotherhood of Locomotive Engineers submitted to President Wilson a statement setting forth that a decrease in the cost of the necessities of life was necessary or an increase in wages was imperative."

"From that time on the question of wages was discussed on different occasions and was finally submitted to the labor board. In July nineteen hundred twenty, the board handed down a decision which based on all the facts they declared was just and equitable and further stated that their conclusions were reached after long consideration of all the facts as evidence by the testimony before that board."

"Later Mr. Atterbury, of the Pennsylvania railroad appeared before the board and in a spectacular presentation demanded an immediate reduction of the wages of all railroad employees notwithstanding the carriers had been granted a material increase in freight and passenger rates in order to meet the increased wages granted by the board. This was denied on technical grounds but, because the carriers had not properly created a dispute in accordance with the transportation act."

"Served Notice on Employees."

"The railroads then began to serve notice on all their employees demanding reductions in pay thereby legally creating a dispute which was referred to the labor board resulting in a twelve per cent reduction as of July 1, nineteen hundred twenty-one."

"To further aggravate the situation, immediately following this meeting a great number of the railroads served notice on their employees that they would take from them the rules governing their service that had been in effect for from ten to thirty years. Said rules were obtained partly by the efforts of the United States board of mediation or boards of arbitration of which the neutral members were appointed by the representatives of the government. The majority of such rules were the result of negotiations across the table with representatives of organizations and the managers of the individual railroads and acknowledged to be fair and equitable."

"A conference of all general chairmen was arranged to be held in the month of July in the city of Chicago. The result of said conference was to instruct the executives of the organization to meet the executives of the railroads some time prior to September 1, for the purpose of trying to bring about an amicable adjustment. This was done and a committee of railroad executives were met in the east, southeast and western territories, their answers all being similar and denying any kind of conciliatory measures."

"Executives Forced Issue."

"Following the refusal of the executives of the railway to enter into any agreement with the executives of the organizations there was nothing left to do but refer the matter to a referendum vote of all the workers which were employed on the railroad and to submit their decision in the matter. In October the representa-

### STRIKE REPORT IS LAID BEFORE THE PRESIDENT

**Executive Will Have  
to Give it Out Says  
McCord**

(By The Associated Press)  
WASHINGTON, Oct. 17.—A report embodying the results of conferences between the public group of the railroad labor board and the interstate commerce commission on the threatened railroad strike was laid before President Harding today.

The text of the report was not made public but Chairman McCord, of the commission announced on leaving the white house that the conferences had been concluded with today's meeting.

"Anything regarding our report must come from the president," Chairman McCord said, and his remark was approved by Chairman Barton of the labor board. At the white house it was and there would be no statement on the strike tonight. An attitude of watchful preparation characterized the activities of other governmental agencies in connection with the strike.

The department of justice completed a survey of existing statutes and precedent to determine the scope of federal authority under the circumstances, but the impression was given by most officials that the government could not move except by mediation or moral suasion, until the situation had assumed a more concrete status.

Evidence was still lacking as to the basis for the expressed expectation on the part of some labor leaders that a petition for injunction would be the next move by the government.

Postmaster General Hays whose department would feel first and most seriously the effects of the strike was known to have obtained reports from his assistants as to ways and means of meeting any attempted interferences with the mails. By telephone he conferred with heads of important postal districts as to the emergency facilities on hand or required.

Mails Will Be Moved.

"The mails will be moved," he said later, but he refused to take any comment on the situation, as it now stands. A time may come for action he said. "I don't trust it will not. If it does, we will be action."

At the conference between members of the labor board and the commerce commission voluminous statistics on railroad payroll and employment conditions were studied, but those participating continued to maintain silence as to the line taken by the discussions.

The conferees saw Attorney General Daugherty at noon and then Mr. Daugherty lunched with the president. The attorney general however, declined to discuss (Continued on Page Four.)

With both sides declaring their readiness and desire for a speedy trial there should be no trouble about getting things started in the Waukegan trial.

Heavy auto trucks do a great deal of damage to the highways. Nevertheless they will prove very useful in transportation work if the railroad strike becomes a fact and continues long. For that matter the increase in truck haul-

age is nowadays a factor in the business of the railroads.

Perhaps the railroad chiefs made that statement about including mail trains in the strike order for the very purpose of getting the government into the controversy. At any rate the government will have to take a hand and see to it that the rights of a hundred million people are not interfered with just because two million railroad workers and a few hundred railroad executives cannot reach an agreement.

SUBJECT TO NATURAL LAWS.

Prime Minister Lloyd George is said to be opposed to the creation of public work for the benefit of the unemployed, feeling that it is but a postponement of the day of reckoning. He feels convinced that the unemployment problem in England is not temporary, but that it will extend over a period of years. There is no doubt that artificial stimulation of work only serves to make unemployment more permanent.

Just as soon as specially created projects are completed, the workers relapse into idleness, and it becomes increasingly difficult for natural economic laws to

rouse them to activity. Lloyd George believes. A proper and astute solution of the unemployment problem must necessarily take into consideration the natural law of supply and demand for labor.

The Canadian national railways are finally on a paying basis. For the first time in the history of the government roads, they have had a profitable month. In August, revenues exceeded expenses. Gross earnings for the month were \$10,536,461.74; working expenses, \$10,489,230.30; net earnings \$47,231.44.

These figures include operating results on all the roads under Canadian national railways management—Intercolonial, Prince Edward Island, National Transcontinental, Canadian Northern and Grand Trunk Pacific.

TRADE DEPRESSION UNIVERSAL.

Statistics of the trade of seventeen foreign countries given out by the department of commerce, and in some instances brought down to July, show clearly the effect of the world crisis on foreign trade and corroborate statements contained in reports from abroad of the universal depression during the first half of the year. The United States is by no means the only sufferer from this depression. The list includes Belgium, Brazil, British Isles, Canada, Denmark, Egypt, Finland, France, Italy, Japan, Netherlands, New Zealand, Spain, Sweden, United Kingdom, and Uruguay. Misery loves company.

THE FARMER IN THE COMMUNITY.

At the recent better community conference, Howard Leonard, president of the Illinois agricultural association, gave an address in which he outlined the attitude of the organized farmer of Illinois toward the community in which he lives.

"Farming," said Mr. Leonard, "is a business which demands at one and the same time a knowledge of machinery, of live stock, of soil, of employment and of economics. The farmer is manufacturer, chief engineer, labor foreman and salesman of a plant which is worth from thirty to a hundred thousand dollars."

"It was with a realization of these responsibilities that he organized. He needed his neighbor. His neighbor needed him. His organization spanned the two or three miles that separated him from his neighbor."

"But no sooner had the farmer discovered that he needed his neighbor than he realized that this, in itself, wasn't enough. He not only needed his neighbor but also his lawyer, his editor, his banker, his minister and his merchant. And he knew that the need was mutual; his banker and his editor and his minister and his merchant needed him, the farmer. If the community was to succeed,

"But by the use of the word

'community,' I do not mean any one town or county or even state. The community, it seems to me, is broader yet."

"Just as the individual farmer and banker and lawyer now realize that he cannot remain isolated if he is to achieve real business, social and patriotic welfare, so the various towns and counties and states and so-called classes of society and industry are realizing that they, too, cannot maintain selfish isolation and narrowness if they want the best for America."

WILL VISIT NORTH DAKOTA COLLEGE

Dr. Joseph R. Harker has been appointed by the Methodist Episcopal board of education as one of a committee of five, to visit North Dakota and to make careful study of the college situation in that state. The commission has been appointed with the view to making an investigation and recommending for or against the combining of two or more of the four denominational colleges which have been established in that state.

These colleges are encountering difficulties in the matter of getting students and money and there is a question as to the advisability of operating all four schools. The committee will get from school to school, will collect data and then make a recommendation to the national board of education.

C. C. JUDY CALF SALE WAS HELD MONDAY

The C. C. Judy calf sale was held Monday near Tallula and the attendance was exceptionally large. The auctioneers were Col. Tob Ward of Decatur, J. L. Henry of Jacksonville and Col. Charles Campbell of Petersburg.

A thousand Hereford calves were sold at this sale, together with about 20 mules. The price of the calves ranged from \$19.50 to \$37.50 per head and were bought by people from many states. Six loads, or about 300 head, went to the state of Michigan. The Michigan buyers stated they had been buying this same brand of calves at Mr. Judy's annual sales and that they were exceptionally good feeders. The calves sold were raised in Colorado and were of exceptionally good quality.

MARKED GRAVE OF JOHN M'CONNELL

Appropriate Ceremonies Incident to Placing Marker on Grave of Soldier of 1812.

The marking of the grave of John McConnell, soldier of the War of 1812, occurred Sunday afternoon. Mrs. George A. Bradford, a granddaughter, and official state marker of the Daughters of 1812 of Illinois and Missouri, was in charge of the ceremonies, and was assisted by local representatives of the D. R. A., American Legion and Masonic order. Five generations of John McConnell's descendants, numbering more than one hundred and fifty, were present. The entire gathering was more than three hundred.

In 1834 McConnell was buried in the Litter cemetery. During the War of 1812 he served in Kentucky, his native state. He came to this county in '33 with his wife and ten children, and since that there have been seven generations of the family living in and about this county.

Dr. G. W. Miller of Woodson opened the rites of placing the marker with a prayer, which was followed by a salute to the flag led by two representatives of the local D. R. A.'s and Mrs. M. J. Donchue and Mrs. Otto Buhrman. Accompanied by two cornets, W. C. Robendall and Roy Nabrey, the audience sang "My Country 'Tis of Thee." Then Mrs. George Bradford read the ritual of the Missouri State society of the Daughters of 1812 and then the regular military service.

The tablet was placed by Mrs. Maude Norton, a descendant, and Miss Margaret Henry of this city arranged the flag. She too is a descendant. Eight great great grandchildren also participated in the ceremonies. Mrs. Margaret Wright Masters led the singing of "The Star Spangled Banner" and the Howitzer company fired a salute and sounded taps.

That these beautiful and impressive rites were performed before so many of the direct descendants of the war here makes the event much more important. Little five-year-old William McCurley of Woodson was the only great, great, great grandchild, but many members of this pioneer family from Woodson, Jacksonville and vicinity were there to witness the commemoration of this name. Mrs. Edward Strubberger of Elvira, Ill., and Mrs. Maude Norton Woolfolk of Columbia, Mo., were also present. Mrs. M. A. Henderson and daughter of Winchester, Mr. and Mrs. Springer of Springfield and Dr. and Mrs. Wood, also of Springfield were among the many friends who attended.

Getting up Steam

You wouldn't try to get up steam by putting a blanket around the boiler. Warmth and strength for the human engine come from the right kind of fuel-food.

Shredded Wheat

is a real fuel-food, supplying the necessary warmth and strength to fortify the body against sudden changes of temperature. The whole wheat grain prepared in a digestible form—a man's food for a man's job.

For a warm, nourishing meal heat two Biscuits in the oven to restore their crispness and pour hot milk over them, adding a little cream and a dash of salt. Nothing so strengthening and satisfying—and the cost is only a few cents. Delicious with fresh or stewed fruits.

**SURE WAY TO GET RID OF BLACKHEADS**

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.  
To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin—pinching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The calomel powder and the water simply dissolve the blackheads so they wash right out leaving the pores free and clean in their natural condition. Anybody troubled with these unsightly blemishes should certainly try this simple method.

## AMENDMENTS TO GERMAN PEACE TREATY DEFEATED

Leaders Announce That They Will Try to Pass Bill Today

WASHINGTON, Oct. 17.—All efforts to amend the administration peace treaty with Germany were defeated in the senate today and leaders announced that a night session would be held, if necessary, tomorrow to reach a final vote on ratification.  
Both supporters and opponents of the treaty agreed today that the treaty would be ratified, although perhaps with a margin of only three or four votes and that the treaties with Austria and Hungary would be accepted immediately thereafter. The appointment today of a Republican successor to the late Senator Knox of Pennsylvania was calculated to give the treaty advocates an additional vote.

The amendments rejected today were offered by Senator Reed of Missouri, and Walsh of Montana, Democrats, and received scant support, the great bulk of Democrats as well as Republicans voting in opposition.

Senator Reed, one of the bitter enemies in the fight against the league of nations covenant, proposed a blanket clause freeing the United States from all obligations under the treaty of Versailles. It was defeated 66 to 7.

Senator Walsh, Montana, offered two amendments designed to pledge this nation to join other powers in protecting Germany against unjustified aggression. They were defeated 71 to 7 and 62 to 6.

Just before the senate adjourned tonight Senator Reed offered two more amendments for consideration tomorrow. One was similar to his proposal for exemption of obligations under the Versailles treaty, and the other would declare this nation not bound to submit any claims to the reparations commission or any other body created by the Versailles covenant.

**Attacks Against Treaty**  
Attacks against the treaty were delivered today by Senators Reed and Watson of Georgia. The former declared the new treaty would take this nation into the league "thru the back door," while Senator Watson asserted it would bring the country no nearer technical peace than the Knox resolution.  
"It involves us in all kinds of complications that may involve us in war," said Senator Watson.

**MISS DAVIS GIVES PLEASING RECITAL**

A large audience filled the music room of the Illinois Woman's college last evening when Miss Ida Belle avis, director of expression, gave the recital, "King Rene's Daughter."

Miss Davis has a very pleasing stage personality and her part as the blind daughter of the king was wonderfully well adapted. Immediately following the recital, a reception was held in the expression studio in honor of Miss Davis. The expression department gave the reception and it was largely attended. Members of the faculty and of the expression department served delicious light refreshments.

Mr. and Mrs. L. T. Fisher and son were Sunday guests at the home of friends in Sinclair.

Born, Sunday, to Mr. and Mrs. Edgar Basham at their home northeast of here, a daughter. The young lady's name is Esther Virginia. Before her marriage Mrs. Basham was Miss Sarajane Megginson.

**ALL DAY MEETING AT GRACE CHAPEL**

Sunday was a red letter day at Grace Chapel. Rev. J. L. Wallace had charge and the exercises continued both morning and evening. There was a sermon in the morning and in the afternoon the Sunday school gave a program. The pastor spoke and there was music, recitations and many pleasant features. A fine basket dinner was enjoyed at noon and much was left. The whole occasion was a fine success.

**GOOD TIME TO BUY COTTON**

There seems to be a genuine shortage of cotton in the country owing to a small acreage and small crop and the wise ones predict that the staple will advance to 30 or 35 cents a pound. Last year it sold as low as ten and twelve cents and is now reported around twenty. Already many articles of cotton goods have advanced and greater increases in prices are predicted from perfectly legitimate causes.

Mr. and Mrs. Charles Middleton of Point church neighborhood left early this morning for Kansas where they will visit relatives in many of the towns and cities of that state. They are making the trip by car.

Achie Hoagland of Pisgah was a caller in the city yesterday.

## FOUR DAY EXHIBIT TO OPEN TOMORROW

Preparations Nearly Complete—Merchants and Auto Dealers Move in Tonight—Orchestra Music.

Everything indicates that the Cherry service station will be in readiness for the exhibitors to begin moving in this evening and that by Wednesday the Auto Show and Merchants' exposition will be rigged out in gala attire and ready to receive visitors. The building presented a mighty busy spectacle Monday. It takes a great deal of hard work to prepare and place the decorations and lighting. The most of the decorations this fall will be of autumn leaves and branches, the brilliant colorings of which at this season are most beautiful. The main entrance to the Cherry station has been painted white and will be especially decorated.

Arrangements have been made for orchestra music between the hours of two and four, and seven and nine p. m., daily. Remember, there is no admission charge, and there will be plenty to see and interest the public during each of the four days and evenings, beginning tomorrow.

**R. E. HARMON TO COACH AT QUINCY**

QUINCY, Ill., Oct. 17.—R. E. Harmon, coach of the Santa Clara, Calif., college football team last year, has been signed to coach the Quincy college team here this season. He is a brother of the coach of Illinois college at Jacksonville. His contract covers the present football season.

**HARD ROADS LABORER HURT**

Demon Parnell, who has been employed on the hard road construction east of the city, was brought to Our Savior's hospital yesterday morning with an injured leg. In some manner, while driving a tractor, some of the weighty machinery fell on his leg. The injury is not serious, however, and he will soon be able to be about.

## DR. BOLLE HAS NARROW ESCAPE

Dr. A. C. Bolle had a dangerous experience recently while performing an operation on a colt for William Coking at Alexander. Dr. Bolle was leading the colt, a big, two year-old, when the animal, unusually ferocious, turned on him, rearing up on its hind legs, letting fly viciously for Bolle with both fore feet. Unfortunately for him he happened to be in a corner of the field at the time and a barbed wire fence blocked all escape. Luckily for him, however, the animal struck him in the chest with one foot and with the other a glancing blow. Bolle was knocked flat but except for some severe bruises and stiffness he was uninjured.

To complete the day's mischief, the colt ran off, jumping our fences and succeeded in wasting a lot of time before he was finally made manageable.

**ASBURY CHURCH TRUSTEES RE-ELECTED**

The board of trustees of the Asbury church was re-elected to serve during the coming year during the regular preaching hour, last Sunday morning. Later in the day the board met and outlined plans for the work of the

## HAVE COLOR IN CHEEKS

Be Better Looking—Take  
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

## "M. W."

It is not the custom to confer the degree of M. W. on the man who is a Master of Wiring, but it ought to be. Then you'd know what calibre of man to select for the job and what kind of wiring you'd get as the result.

Although no university has ever conferred the degree of M. W. on us and probably never will, our experience easily enables us to adopt these two letters as our token of reliability.

Whether M. W. appears after our name or not we indelibly stamp it on the wiring and on the electrical work which we conscientiously do.

## FOR BETTER BAKINGS

use Calumet Baking Powder. That's true of everything you make—one trial will convince you. Doughnuts, pies, cakes, biscuits, muffins, come from the oven light, tasty, sweet and wholesome because

## CALUMET BAKING POWDER

never varies in its leavening strength—never fails to produce pure, appetizing, nourishing foods and all this at an economical cost.

Millions of women, hotels, railroads, Domestic Science Teachers, have been relying on it for over 30 years. Made in the world's largest factories.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

## SAYS KANSAS HAD ONE MAN POWER

PITTSBURG, Kans., Oct. 17.—A statement declaring Alexander Howat, deposed by the international organization of the United Mine Workers of America as president of District No. 14 of the union, had for years been a "one man power," was issued today by George L. Peck, provisional president of the district.

The statement accused Howat of "defiance and disregard of the laws of the United Mine Workers," and said he had "disagreed and openly defied every international president of the United Mine Workers since he has been an officer."

The statement also was signed by Thomas Harvey, provisional secretary-treasurer of the district. It is also asserted in the statement that the international organization of the United Mine Workers is opposed to the Kansas industrial court law but that it intends to fight it in a lawful way.

## W. E. CROW WILL BE KNOX SUCCESSOR

PHILADELPHIA, Pa., Oct. 17.—Governor Sprout announced today he had appointed State Senator William E. Crow of Uniontown, as United States senator from Pennsylvania to fill the unexpired term of the late Senator Knox, ending March, 1923.

Senator Crow, who is in Atlantic City, recuperating from recent illness, will take the oath of office next Monday unless an emergency should require his presence in the senate before that time, the governor said.

The appointment, which was not unexpected in political circles was announced by the governor upon his arrival from New York where he met his wife and son, returning from Europe.

## WOULD BANISH FURS FROM DRESSES

PHILADELPHIA, Oct. 17.—Banishment of furs as women's summer wear and restriction of styles for winter garments, so as to reduce the demand and eliminate some of the suffering of fur-bearing animals in capture and trapping, was advocated today in a discussion by delegates to the convention of the American Humane Association. The discussion followed an address by Theodore H. Skinner of Oneida, N. Y., on some of the aspects of trapping from the professional point of view.

"Trappers," said Mr. Skinner, "are loathe to give up the old style of traps, which are designed to hold the animals until killed by traps designed to kill humanely, as well as holding."

## A BANQUET THAT WAS ALMOST A TRAGEDY

"Three years ago at a banquet I was stricken with acute indigestion. Two doctors worked over me for an hour before I came to. I had had severe colic attacks before, but nothing like that. No doctors or medicine gave me permanent help until a friend, who was at the banquet, advised me to take a course of Mayr's Wonderful Remedy, which I did with wonderful results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

## ACHES AND PAINS—SLOAN'S GETS 'EM!

## PERMISSION GIVEN FOR PROGRESSIVE RAILROAD STRIKE

(Continued from Page 1)  
tives of the workers were convened in Chicago and a canvass of the vote was made which indicated that ninety-four per cent plus were in favor of withdrawing from the service. Such a condition was never known before in the history of railroad labor and no doubt was caused by the arrogant, selfish attitude of the railroad executives together with their declaration to be a party to any kind of conciliatory terms.

"After the vote had been canvassed the chairman of the railroad owners' association was notified by wire of the result and the request for a conference committee was made. The one hundred and fifty railroad presidents meeting in Chicago named a committee of five railroad presidents to meet the executive officers of the transportation brotherhoods. They declined to make any concession or offer any solution providing for a settlement but instead notified us that a resolution had been adopted by the railroad presidents asking the labor board for a further wage reduction of the employees. Then and not until then was permission given for men to leave the service."

## BLUFFS RESIDENT IS LAID TO REST SUNDAY

Funeral of Miss Elizabeth Graham Held at M. E. Church Sunday Afternoon—Was One of Early Residents of Scott County.

Bluffs, Oct. 17.—The funeral of Miss Elizabeth Graham was conducted from the M. E. church Sunday at 2 o'clock, the Rev. E. T. Palmer officiating. The service was beautiful and impressive.

Mrs. E. T. Palmer sweetly sang three solos with Miss Vera McCaleb at the piano. The flowers which were mostly home grown were cared for by friends. The bearers were Messrs. Alexander and George Graham, George and Harry Wedeking, Eugene Carpenter and Arthur Pyle. Burial took place in the Greene cemetery near her little great niece, Eva Pyle, who preceded her in death eleven years ago.

## Obituary.

Miss Elizabeth Graham, one of the early landmarks of Scott county, was born in Pennsylvania and passed away at the home of her niece, Mrs. Eugene Carpenter, Friday evening, Oct. 14, 1921. At an early age she came with her parents, Alexander and Catherine Graham, to St. Louis and later settled on a little farm south of Bluffs where she spent the greater part of her life, she being the last member of the family. Until failing health five years ago she lived alone on the little home place loving every tree, bird and plant on and about the little home. She loved nature, saw beauty in every blade of grass, every tree, hill and dale.

Her poultry and her stock were her pets and she was kind to every living creature of the animal kingdom that came under notice. She loved the old fashioned garden and flowers, the sweet pea being her favorite. She was fond of good literature and would often spend almost an entire night in reading some favorite magazine or paper. In early childhood she was baptized in the Christian church and acknowledged God as a Supreme Being and saw His handiwork in every setting sun, in every flower and all nature abounding in His wisdom and goodness. Almost her last words were "I am ready and willing to go."

Four brothers, Alexander, Robert, George and John Graham, have preceded her in death. She is survived by her sister-in-law, Mrs. Jay Graham, two nieces, Mrs. Delphia Carpenter, Mrs. Mabel Pyle, two nephews, Alexander and George Graham and a number of relatives who will greatly miss "Aunt Lib."

Mrs. J. G. Strawn, Miss Elsie Traube and Gates Strawn have returned from Urbana where they went to attend sessions of the Better Community conference. They were especially interested in the affairs of the art section.

James Rape of Springfield is visiting Jessie White of this city.

## WALKER PRESENTS HIS ANNUAL REPORT

President of Illinois Federation of Labor Makes Number of Recommendations—Would Establish Daily Newspapers Controlled By Labor.

Aurora, Ill., Oct. 17.—In presenting his annual report to the Illinois State Federation of Labor here today at the opening of its 39th annual convention, President John H. Walker of Springfield, made a number of recommendations to the state labor convention. These included:

Reaffirmation of opposition to use of injunction in labor cases and subordination of every other effort to relief.

Protest against appointment of W. J. Burns as head of the federal secret service.

Creation of a legal department whereby small organizations can get competent legal counsel.

Defeat of Illinois' new constitution unless "Labor's Proposal" is incorporated in it.

Steps toward establishment of daily newspapers owned by labor.

Endorsement of organization of school teachers.

Measures to prevent operation in Illinois of companies dealing in strike insurance.

Reaffirmation of support of a state insurance fund to pay cost of operation of workmen's compensation act.

Adoption of resolutions at Armistice Day meetings favoring total abolition of war armaments and war organization by universal agreement.

Endorsement of nationalization of coal mines.

President Walker told the convention that coal should not cost the Illinois consumer for the best quality more than \$2 a ton if mines were nationalized and possible economies effected. Himself a member of the miners' union and leading figure in labor's cooperative movement in Illinois, Mr. Walker suggested labor undertake the common ownership and operation of some coal mines to prove their feasibility.

"I know of no other one thing that would do more to promote the cause of nationalization or common ownership and operation of the coal mines of our country," he said, "than for the workers themselves to buy and operate enough of those properties on the cooperative basis to prove that they could do it successfully to the benefit of the toilers in the mines and to the people of our country."

Mr. Walker said that in his opinion unemployment could be cured by a decision of big corporations and war millionaires to crush labor's organizations by starving the workingmen.

He declared for the operation of industry for the most efficient basis by elimination of unnecessary duplication in land, buildings, machinery, stock and other equipment and by the introduction of the latest and most up-to-date methods and machinery.

The Farmer-Labor party comparatively got a rather small vote at the last election, President Walker said, but he added that he was satisfied that the party was defrauded out of at least 100,000 votes in Chicago alone and that it was similarly defrauded throughout the state.

"At the present time," he said, "labor has greater representation and more substantial influence in the different industrial centers of the state than it ever before had, all of which was due to the determined and practical effort made by the workers in that campaign."

Touching on unnecessary labor turnover, the president of the state Federation of Labor said that responsibility rested on the present system of industry.

"There exists a minimum of a little more than 325 per cent unnecessary labor turnover in practically all of the industries of the state," he said, "as compared with what the necessary turnover is in the different lines of industry owned and operated by the government, even though everyone admits that the conditions of employees working for the government could be made very much better than they are at the present time, Mr. Walker said."

## WILL HAVE TO TAKE LAWYER'S OATH

Springfield, Ill., Oct. 17.—In accordance with a recent ruling requiring all successful applicants for admission to the bar to appear before it to take the "lawyer's oath," the Illinois supreme court today set December 15 as date for the next class of applicants to appear.

J. M. Walsh and mother of Springfield spent the week end visiting at the home of Pat Devlin, southeast of the city.

## CONGRESS DROPS PROPOSED PROBE OF KU KLUX KLAN

(Continued from Page One)  
Burns, whom he characterized as "the Sherlock Holmes of the United States," Mr. Simmons said he had not and that he had faithfully tried to give the committee all the information it was seeking. Mr. Pou asserted it was the first time in twenty-one years of service that the department of justice had sent representatives to "listen in" on the rules committee.

Rounds Up Good Points.  
In rounding up what he termed the good points of the organization, Mr. Simmons said that the "military branch" not yet formed, was not to be more militaristic than the patrol of the Mystic Shrine; that members joining were required to help enforce the nation's laws only as citizens and that when black sheep crept in they were kicked out, if found.

He had no personal information as to whether the chief of police of Norfolk, Va., was a member, he said, adding that while there was no printed roster of members on file at Atlanta headquarters, each clan or lodge kept a list of its own. There was no rule, he said, prohibiting publication of the membership list.

Getting down to the personal side, Mr. Pou asked the wizard point blank how much he was worth, and the wizard replied that all of his savings had been spent during the early fight to put the Klan on its feet.

"I have no financial standing," he said, "I have no pocketbook of my own these past six years and God being my witness, I have tried to steer this organization clear away from commercialism."

Simmons answering Chairman Campbell, denied he had claimed a membership of hundreds of thousands, who would go after congress, hitting it hip and thigh, if it attempted to crush the Klan. He asked congress to go ahead and investigate.

## STRIKE REPORT IS LAID BEFORE THE PRESIDENT

(Continued from Page One)

his interview with Mr. Harding, or one which he held later with Postmaster General Hays.

The possibility of President Harding summoning the chiefs of the railroad brotherhoods to Washington for a talk, was suggested in several quarters, but the white house was silent on this point. While the joint conference of members of the labor board and the interstate commerce commission was continuing it was the general impression that President Harding would not take any other line of intervention.

Having before him the report of the conference however, it was considered not unlikely that this might include recommendations or suggestions which would require submission to the union chiefs.

Government officials it was learned today, are paying close attention to the reaction of the public opinion of the threatened paralysis of transportation. In some quarters the opinion was expressed that "the weight of public opinion would be the determining factor in averting the strike, or in bringing it to a speedy close if other efforts failed to avert it."

## ST. LOUIS WOMAN NAMED BY HARDING

St. Louis, Mo., Oct. 17.—Mrs. Bessie Parker Burgesman, nominated today by President Harding as a member of the United States Employees compensation commission has been active in Republican politics in Missouri and is a former national committee woman from this state. She campaigned actively for President Harding in the presidential campaign.

## FUNKHOUSER CASE IN SUPREME COURT

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 17.—Major M. L. C. Funkhouser's case against the Chicago civil service commission for a reversal of the commissioner's order ousting Funkhouser as second deputy superintendent of police in 1918, was submitted on briefs to the supreme court today.

Funkhouser's attorneys, in their brief attacked the maxim, "the king can do no wrong," claiming that the commission was without the absolute authority which it attempted to assert.

Funkhouser contended that he was discharged without a fair hearing and on improper evidence.

## SON SURRENDERED BY FATHER SENTENCED

Indianapolis, Ind., Oct. 17.—Carl Steiler, of Chicago, whose father surrendered him to the police when the son returned home recently after spending \$45,000 obtained from a mail pouch theft of \$234,000 two years ago, was sentenced today in the federal court here to three years imprisonment in the penitentiary at Leavenworth, Kansas. Steiler's three confederates in the theft were sentenced soon after it occurred at Whiting, Ind.

### GAVE FINE PROGRAM AT WINCHESTER MONDAY

Representatives of State School for Blind Appear Before Woman's Club at Winchester — Other News Notes.

Winchester, Oct. 17.—Supt. R. W. Woolston of the Illinois School for the Blind at Jacksonville, and twelve or more of the pupils from the school, came to Winchester Monday afternoon in response to an invitation from the Woman's club, and gave a splendid program at the M. E. church at 3 o'clock. There was a large audience present and the program presented was one which met the hearty approval of all.

Mr. Woolston made a brief address on the general subject of education of afflicted children, telling his auditors something of what is being attempted and accomplished by the state for its wards. The address was followed by the following numbers:

Vocal solo, "Fear Not, O Israel"—Ora Dempsey.  
Group of violin solos, "Gavotte" (Bohn); "Liebesträume" (Christian); "Porch Dance" (German).  
—Fred Meyer head of the musical department, I. S. B.

Cornet solo, "Beethoven's Minuet"—Charles Collins.  
Orchestra numbers, "Romance" (Fred Meyer), "Schubert March" (Heroique).

There were numerous encores and the performers graciously responded to these. Altogether it was a very delightful program and all present are hoping that the visit will be repeated in the near future.

Mr. and Mrs. Ves Wiesser left Sunday afternoon for a visit with the former's brother, Dr. Wiesser and family in St. Louis.

Mrs. Fred Markillie has returned home from a visit with relatives in Concord and Jacksonville.

### HOOP SNAKE STORY AT HOME

William McNamara of South Clay avenue, killed a snake Sunday which, according to its dying antics, is one of the much argued hoop snakes, which many claim do not exist. Mr. McNamara and his sons were in the Point church neighborhood, gathering autumn foliage for the auto show, to be used as decorations, when the snake was seen sunning itself in a patch of weeds. One of the party buried a hatchet at and cut its back. In its dying struggles, it arched itself up above the ground and drove the end of its tail, which was later found to be very hard and sharply pointed, into the ground four or five times. According to those that have seen hoop snakes, this is a favorite stunt of theirs, for the sharply pointed tail is their only means of defense. The observers, however, did not see the hoop snake in action, so the point is still a matter of argument.

### MEMORIAL FOR ILLINOIS MAN

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

## "M. W."

It is not the custom to confer the degree of M. W. on the man who is a Master of Wiring, but it ought to be. Then you'd know what calibre of man to select for the job and what kind of wiring you'd get as the result.

Although no university has ever conferred the degree of M. W. on us and probably never will, our experience easily enables us to adopt these two letters as our token of reliability.

Whether M. W. appears after our name or not we indelibly stamp it on the wiring and on the electrical work which we conscientiously do.

## SAYS KANSAS HAD ONE MAN POWER

PITTSBURG, Kans., Oct. 17.—A statement declaring Alexander Howat, deposed by the international organization of the United Mine Workers of America as president of District No. 14 of the union, had for years been a "one man power," was issued today by George L. Peck, provisional president of the district.

The statement accused Howat of "defiance and disregard of the laws of the United Mine Workers," and said he had "disagreed and openly defied every international president of the United Mine Workers since he has been an officer."

The statement also was signed by Thomas Harvey, provisional secretary-treasurer of the district.

It is also asserted in the statement that the international organization of the United Mine Workers is opposed to the Kansas industrial court law but that it intends to fight it in a lawful way.

## W. E. CROW WILL BE KNOX SUCCESSOR

PHILADELPHIA, Pa., Oct. 17.—Governor Sprout announced today he had appointed State Senator William E. Crow of Uniontown, as United States senator from Pennsylvania to fill the unexpired term of the late Senator Knox, ending March, 1923.

Senator Crow, who is in Atlantic City, recuperating from recent illness, will take the oath of office next Monday unless an emergency should require his presence in the senate before that time, the governor said.

The appointment, which was not unexpected in political circles, was announced by the governor upon his arrival from New York where he met his wife and son, returning from Europe.

## WOULD BANISH FURS FROM DRESSES

PHILADELPHIA, Oct. 17.—Banishment of furs as women's summer wear and restriction of styles for winter garments, so as to reduce the demand and eliminate some of the suffering of fur-bearing animals in capture and trapping, was advocated today in a discussion by delegates to the convention of the American Humane Association. The discussion followed an address by Theodore H. Skinner of Oneida, N. Y., on some of the aspects of trapping from the professional point of view.

"Trappers," said Mr. Skinner, "are loathe to give up the old style of traps, which are designed to hold the animals until killed by trappers, instead of using modern traps designed to kill humanely, as well as holding."

## A BANQUET THAT WAS ALMOST A TRAGEDY

"Three years ago at a banquet I was stricken with acute indigestion. Two doctors worked over me for an hour before I came to. I had had severe colic attacks before, but nothing like that. No doctors or medicine gave me permanent help until a friend, who was at the banquet, advised me to take a course of Mayr's Wonderful Remedy, which I did with wonderful results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## PERMISSION GIVEN FOR PROGRESSIVE RAILROAD STRIKE

(Continued from Page 1) tives of the workers were convened in Chicago and a canvass of the vote was made which indicated that ninety-four per cent plus were in favor of withdrawing from the service. Such a condition was never known before in the history of railroad labor and no doubt was caused by the arrogant, selfish attitude of the railroad executives together with their declaration to be a party to any kind of conciliatory terms.

"After the vote had been canvassed the chairman of the railroad owners' association was notified by wire of the result and the request for a conference committee was made. The one hundred and fifty railroad presidents meeting in Chicago named a committee of five railroad presidents to meet the executive officers of the transportation brotherhoods. They declined to make any concession or offer any solution providing for a settlement but instead notified us that a resolution had been adopted by the railroad presidents asking the labor board for a further wage reduction of the employees. Then and not until then was permission given for men to leave the service.

(Signed)

## BLUFFS RESIDENT IS LAID TO REST SUNDAY

Funeral of Miss Elizabeth Graham Held at M. E. Church Sunday Afternoon—Was One of Early Residents of Scott County.

Bluffs, Oct. 17.—The funeral of Miss Elizabeth Graham was conducted from the M. E. church Sunday at 2 o'clock by the Rev. E. T. Palmer officiating. The service was beautiful and impressive throughout.

Mrs. E. T. Palmer sweetly sang three solos with Miss Vera McCaleb at the piano. The flowers which were mostly home grown were cared for by friends. The bearers were Messrs. Alexander and George Graham, George and Harry Wedeking, Eugene Carpenter and Arthur Pyle. Burial took place in the Greene cemetery near her little great niece, Eva Pyle, who preceded her in death eleven years ago.

### Obituary.

Miss Elizabeth Graham, one of the early landmarks of Scott county, was born in Pennsylvania and passed away at the home of her niece, Mrs. Eugene Carpenter, Friday evening, Oct. 14, 1921. At an early age she came with her parents, Alexander and Catherine Graham, to St. Louis and latter settled on a little farm south of Bluffs where she spent the greater part of her life, she being the last member of the family. Until failing health five years ago she lived alone on the little home place loving every tree, bird and plant and about the little home. She loved nature, saw beauty in every blade of grass, every tree, hill and dale.

Her poultry and her stock were her pets and she was kind to every living creature of the animal kingdom that came under notice. She loved the old fashioned and garden flowers, the sweet pea being her favorite. She was fond of good literature and would often spend almost an entire night in reading some favorite magazine or paper. In early childhood she was baptized in the Christian church and acknowledged God as a Supreme Being and saw His handiwork in every setting sun, in every flower and all nature abounding in His wisdom and goodness. Almost her last words were "I am ready and willing to go."

Four brothers, Alexander, Robert, George and John Graham, have preceded her in death. She is survived by her sister-in-law, Mrs. Jay Graham, two nieces, Mrs. Delphia Carpenter, Mrs. Mabel Pyle, two nephews, Alexander and George Graham and a number of relatives who will greatly miss "Aunt Lib."

Mrs. J. G. Strawn, Miss Ellie Trabue and Gates Strawn have returned from Urbana where they went to attend sessions of the Better Community conference. They were especially interested in the affairs of the art section.

James Rape of Springfield is visiting Jessie White of this city.

## WALKER PRESENTS HIS ANNUAL REPORT

President of Illinois Federation of Labor Makes Number of Recommendations—Would Establish Daily Newspapers Controlled By Labor.

Aurora, Ill., Oct. 17.—In presenting his annual report to the Illinois State Federation of Labor here today at the opening of its 39th annual convention, President John H. Walker of Springfield, made a number of recommendations to the state labor convention. These included:

Reaffirmation of opposition to use of injunction in labor cases and subordination of every other effort to relief.

Protest against appointment of W. J. Burns as head of the federal secret service.

Creation of a legal department whereby small organizations can get competent legal counsel.

Defeat of Illinois' new constitution unless "Labor's Proposal" is incorporated in it.

Steps toward establishment of daily newspapers owned by labor.

Endorsement of organization of school teachers.

Measures to prevent operation in Illinois of companies dealing in strike insurance.

Reaffirmation of support of a state insurance fund to pay cost of operation of workmen's compensation act.

Adoption of resolutions at Armistice Day meetings favoring total abolition of war armaments and war organization by universal agreement.

Endorsement of nationalization of coal mines.

President Walker told the convention that coal should not cost the Illinois consumer for the best quality more than \$2 a ton if mines were nationalized and possible economies effected. Himself a member of the miners' union and leading figure in labor's cooperative movement in Illinois, Mr. Walker suggested labor undertake the common ownership and operation of some coal mines to prove their feasibility.

"I know of no other one thing that would do more to promote the cause of nationalization or common ownership and operation of the coal mines of our country," he said, "than for the workers themselves to buy and operate enough of those properties on the cooperative basis to prove that the benefit of the toilers in the mines and to the people of our country."

Mr. Walker said that in his opinion unemployment could in part be laid to a decision of big corporations and war millionaires to crush labor's organizations by starving the workmen.

He declared for the operation of industry on the most efficient basis by elimination of unnecessary duplication in hand, body, limbs, machinery, stock and other equipment and by the introduction of the latest and most up-to-date methods and machinery.

The Farmer-Labor party comparatively got a rather small vote at the last election, President Walker said, but he added that he was satisfied that the party was defrauded out of at least 100,000 votes in Chicago alone and that it was similarly defrauded throughout the state.

"At the present time," he said, "labor has greater representation and more substantial influence in the different industrial centers of the state than it ever before had, all of which was due to the determined and practical effort made by the workers in that campaign."

Touching on unnecessary labor turnover, the president said that state Federation of Labor said that responsibility rested on the present system of industry.

There exists a minimum of a little more than 35 per cent unnecessary labor turnover in privately owned and operated industries as compared with what the necessary turnover is in the different lines of industry owned and operated by the government, even though everyone admits that the conditions of employees working for the government could be made very much better than they are at the present time, Mr. Walker said.

## CONGRESS DROPS PROPOSED PROBE OF KU KLUX KLAN

(Continued from Page One) Burns, whom he characterized as "the Sherlock Holmes of the United States," Mr. Simmons said he had not and that he had faithfully tried to give the committee all the information it was seeking. Mr. Pou asserted it was the first time in twenty-one years of service that the department of justice had sent representatives to "listen in" on the rules committee.

Rounds Up Good Points.

In rounding up what he termed the good points of the organization, Mr. Simmons said that the "military branch" not yet formed, was not to be more militaristic than the patrol of the Mystic Shrine; that members joining were required to help enforce the nation's laws only as citizens and that when black sheep crept in they were kicked out, if found.

He had no personal information as to whether the chief of police of Norfolk, Va., was a member, he said, adding that while there was no printed roster of members on file at Atlanta headquarters, each clan or lodge kept a list of its own. There was no rule, he said, prohibiting publication of the membership list.

Getting down to the personal side, Mr. Pou asked the wizard point blank how much he was worth, and the wizard replied that all of his savings had been spent during the early fight to put the Klan on its feet.

"I have no financial standing," he said, "I have no pocketbook of my own these past six years and God being my witness, I have tried to steer this organization clear away from commercialism."

Simmons answering Chairman Campbell, denied he had claimed a membership of hundreds of thousands, who would go after congress, hitting it hip and thigh, if it attempted to crush the Klan. He asked congress to go ahead and investigate.

## STRIKE REPORT IS LAID BEFORE THE PRESIDENT

(Continued from Page One)

his interview with Mr. Harding, or one which he held later with Postmaster General Hays.

The possibility of President Harding summoning the chiefs of the railroad brotherhoods to Washington for a talk, was suggested in several quarters, but the white house was silent on this point. While the joint conference of members of the labor board and the interstate commerce commission was continuing it was the general impression that President Harding would not take any other line of intervention.

Having before him the report of the conference however, it was considered not unlikely that this might include recommendations or suggestions which would require submission to the union chiefs.

Government officials it was learned today, are paying close attention to the reaction of the public opinion of the threatened paralysis of transportation. In some quarters the opinion was expressed that "the weight of public opinion would be the determining factor in averting the strike, or in bringing it to a speedy close if other efforts failed to avert it."

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 17.—Major M. L. C. Funkhouser's case against the Chicago civil service commission for a reversal of the commissioner's order ousting Funkhouser as second deputy superintendent of police in 1918, was submitted on briefs to the supreme court today.

Funkhouser's attorneys, in their brief attacked the maxim, "the king can do no wrong," claiming that the commission was without the absolute authority which it attempted to assert.

Funkhouser contended that he was discharged without a fair hearing and on improper evidence.

### GAVE FINE PROGRAM AT WINCHESTER MONDAY

Representatives of State School for Blind Appear Before Woman's Club at Winchester — Other News Notes.

Winchester, Oct. 17.—Supt. R. W. Woolston of the Illinois School for the Blind at Jacksonville, and twelve or more of the pupils from the school, came to Winchester Monday afternoon in response to an invitation from the Woman's club, and gave a splendid program at the M. E. church at 8 o'clock. There was a large audience present and the program presented was one which met the hearty approval of all.

Mr. Woolston made a brief address on the general subject of education of afflicted children, telling his auditors something of what is being attempted and accomplished by the state for its wards. The address was followed by a musical program including the following numbers:

Vocal solo, "Fear Not, O Israel"—Ora Dempsey.

Group of violin solos, "Gavotte" (Bohn); "Liebestrend" (Christian); "Torch Dance" (German).—Fred Meyer head of the musical department, I. S. B.

Cornet solo "Beethoven's Minuet"—Charles Colling.

Orchestra numbers, "Romance" (Fred Meyer), "Schubert March" (Heroique).

There were numerous encores and the performers graciously responded to these. Altogether it was a very delightful program and all present are hoping that the visit will be repeated in the near future.

Mr. and Mrs. Ves Wieser left Sunday afternoon for a visit with the former's brother, Dr. Wieser and family in St. Louis.

### HOOP SNAKE STORY AT HOME

William McNamara of South Clay avenue, killed a snake Sunday which, according to its dying antics, is one of the most argued hoop snakes, which many claim do not exist. Mr. McNamara and his sons were in the Point church neighborhood, gathering autumn foliage for the auto show, to be used as decorations, when the snake was seen sunning itself in a patch of weeds. One of the party hurled a hatchet at it and cut its back. In its dying struggles, it arched itself up above the ground and drove the end of its tail, which was later found to be very hard and sharply pointed, into the ground four or five times. According to those that have seen hoop snakes, this is a favorite stunt of theirs, for the sharply pointed tail is their only means of defense. The observers, however, did not see the hoop snake in action, so the point is still a matter of argument.

### MEMORIAL FOR ILLINOIS MAN

## CITY COUNCIL HAS MUCH DISCUSSION

Milk Ordinance Causes Lots of Talk—Action Was Finally Deferred for Further Consideration

Members of the city council and dairymen indulged in much discussion at the regular meeting Monday evening over the proposed milk ordinance. The ordinance was read section by section and discussed at length but action was deferred until the council can make further investigation.

The discussion was spirited but the best of feeling prevailed and it was apparent that both sides were trying to arrive at the best possible ordinance for all concerned and yet adequately protect the public.

When the roll was called it showed all members present except Ald. Ehnie and Williamson. Ald. Ehnie came in during the reading of the minutes and took his place in the council.

After the reading of the minutes the clerk read a communication which the mayor had received from Rev. Myron L. Pontius relative to the establishment of a municipal woodpile where men out of work could do an hour's work and get a ticket for a breakfast.

Ald. Lonergan was opposed to the suggestion that the men be given tickets after doing the work showing they had performed it and then have to go about town and rely on the generosity of the citizens to give them a meal. He said the majority of men were not tramps by choice but that the present unemployment made them so.

After a discussion he moved that the mayor appoint a committee of three to confer with the Social Service league, the Ministerial association or any other organization in an effort to solve this problem. This carried and the mayor announced he would appoint the finance committee as he believed this was the one it should go to.

Claims against the city were ordered paid. Alderman Flynn, chairman of the sewer committee reported that the North Church street had been repaired.

**Petition Placed on File.** Ald. Lonergan, chairman of the Public Improvement committee reported that the committee had investigated the petition of the Lukeman Motor company relative to a filling station and he could see no reason for not granting the permission. However, City Attorney Bellatti said that the city had no right to grant any private individual the use of the public streets. On motion the petition was received and placed on file.

Ald. Lonergan also reported that Joseph Estaque wanted to place a pennant and popcorn stand at the side of the Knollenberg building and asked that the council investigate this matter.

An ordinance requiring the payment of \$1 for fees for issuing permits was brought up. The council last March gave the ordinance a second reading but neglected to take any action on its passage. The clerk then read the ordinance and it was adopted.

An ordinance creating a cemetery board of managers was brought up for a second reading and adopted.

An ordinance for the building of a sewer in Edmon street was given a second reading and adopted.

**Milk Ordinance.** The clerk then brought up the milk inspection ordinance for a second reading. The ordinance was read section by section and discussed.

Early in the proceedings the measure ran against a snag in the matter of fees. Ald. Lonergan objected to the changing of a fee as he said it would put many people out of business who only had one or two cows. W. J. Moore, a dairyman also objected to the fee on the same grounds.

The other sections also came in for prolonged discussion. Especially was this true of the one pertaining to tubercular cows. Mr. Moore, Charles Ator, Dr. A. M. King, City Attorney Bellatti and most of the aldermen took part in the argument.

It was the opinion of Mr. Ator that in nearly every herd there were cows that would not stand the tubercular test. Mr. Moore also took issue with Dr. King as to the efficiency of the test. He contended that the test had not been perfected to the degree that good results could be obtained. He also said that the state now required most of the things set forth in the ordinance and he could see no use of the city going to the expense to do something that was already being done by the state.

Ald. Lonergan was of the opinion that it would take as many people to enforce the proposed ordinance as it would to enforce the Yelstead act.

The discussion was entirely informal and many things were brought out that had not been thought of before. One thing that Mr. Moore said was that he feared the ordinance would tend to reduce the production of milk and perhaps cause dairymen to ship their product to other cities.

Mr. Ator said that all their milk was sold by yearly contract. He was of the opinion that the added cost thru the ordinance might result in considerable loss before the year was up and a new contract could be made. When final adjournment was taken the council decided to defer action on the action until a future meeting.

## Social Events

**Clover Leaf Girls Enjoy Wiener Roast.**

The girls of the collection department of the Clover Leaf Casualty Company hiked out to Lake Mauvaisterre last evening and cooked their supper. They left about 5 o'clock and walked to the lake where fires were built and wieners roasted for supper. There were eight girls in the party.

**Belles Lettres Girls Hike to Park.**

The Belles Lettres society girls of Illinois Woman's college hiked out to Nichols park last evening and enjoyed a wiener roast and picnic supper. Leaving the school about 5 o'clock they walked to the park, built a fire and cooked their supper. Miss Irene Schlosser was the chairman of the committee in charge of the affair and she was assisted by a number of the other girls.

**College Hill Club Meets With Mrs. Carter.**

The College Hill club met yesterday afternoon at the home of Mrs. T. P. Carter on Lincoln avenue.

The afternoon's program was a discussion of two famous novelists. Mrs. M. H. Havenhill had a paper on Jane Austen and gave a review of her well known novel, "Pride and Prejudice." The subject of Mrs. Homer Cully's paper was Mrs. Gaskell and she reviewed the novel "Cranford." Following the discussion came a pleasant social hour and the serving of dainty refreshments.

**Phi Nu Society Gives Tea for Resident Members.**

The members of the Phi Nu society of Illinois Woman's College gave an informal afternoon tea yesterday in honor of the older members of the society who reside in Jacksonville. The hours were from 3 to 5 and a large number of guests enjoyed the hospitality of the Phi Nu girls. The society hall had been most attractively arranged with beautifully colored autumn leaves. The girls in charge of decorating the hall and serving the tea were Lasta Gibbons, Helen McCalman and Glenadene Weaver.

**Will Entertain Wedding Party.**

Mrs. Harry K. Chenoweth will entertain the Wiswell-Sackett wedding party at her home on West College avenue at a 1 o'clock luncheon today. The color scheme will be pink.

**Birthday Surprise For Mrs. Harry Furry.**

Mr. and Mrs. Harry Coleman and family from Pawnee and Mr. and Mrs. John Johnson of Auburn, Ill. drove to Merritt Sunday, where they spent the day with Mr. and Mrs. Harry Furry and family.

On account of it being Mrs. Furry's birthday, they made of the occasion a complete surprise, and came with well filled baskets, the contents of which all enjoyed.

It being such a beautiful day, all enjoyed the time and departed late in the afternoon, wishing their hosts many returns of the occasion.

**Entertained at Bridge Party.**

Mr. and Mrs. John E. Rose entertained Mr. and Mrs. A. J. Jensen of Omaha, Neb. recently with a bridge party at the Rose home on West Lafayette avenue. There were three tables of guests present and Mrs. Jensen won first prize. After the playing the guests enjoyed a delicious little supper.

**Entertain at Bridge.**

Mrs. A. R. Gregory entertained at bridge yesterday afternoon at her home on South Main street in honor of Miss Lura Wiswell, whose marriage is to be an event of next week. The event proved one of the most delightful, pre-nuptial affairs given in Miss Wiswell's honor.

**H. J. RODGERS HAVING FINE TIME**

H. J. Rodgers writes his friend, E. M. Dunlap from New Orleans, which he says is indeed a wonderful city with any amount of interesting things to see there, historical and otherwise. They will return to Meridian, Mississippi, by rail and then start in their autos for home which they expect will take six days to accomplish as they want to take in the far famed Muscle Shoals so as to tell the government whether to bargain with Henry Ford or not according to his offer.

They then proceed to Nashville, Tenn., Henderson, Kentucky, Evansville, Indiana and then home by Danville and Decatur going a somewhat round about way in order to get better roads. All are reported well and the meeting at Meridian a fine success.

**SUNDAY GUESTS HERE**

Mr. and Mrs. Harry Howard, Miss Hannah Welch and Mrs. Silas Sharpe all of Springfield drove to Jacksonville Sunday and were guests at the home of Mrs. Sharpe's sister, Mrs. G. W. Hennessy of Doolin avenue.

**American Legion meeting tonight 7:30.**

**LICENSED TO MARRY** William S. Ehnie, Jr.; Jacksonville; Mealea Marie Popejoy, Jacksonville.

**Surprise for Mrs. Goveia.**

Mrs. Josephine Goveia of Doolin avenue was given a very pleasant surprise by her children Sunday, the event being in honor of her birthday. When Mrs. Goveia returned from church Sunday morning she found a number of her children gathered at her home. All brought with them baskets of good things to eat and at noon the contents of the baskets formed a splendid dinner. A large bouquet of red roses formed the center piece and a birthday cake bearing 64 red candles occupied a prominent place on the festive board.

The afternoon hours were spent in a very pleasant way and when the guests departed it was with the wish that Mrs. Goveia may live to enjoy many more such anniversaries. The company included Mr. and Mrs. Edward H. Ranson and family, Mr. and Mrs. Alfred Souza, Jr., and daughter, Mr. and Mrs. Irvin Goveia and family of Lynnville; Mrs. Goveia, Bessie and Theodore Goveia.

**Is Given Surprise.**

Clarence Muehlhausen was pleasantly surprised recently in honor of his twenty-first birthday at his home on South Clay avenue. The Lutheran Walther circle was responsible for the occasion and a delightful time was enjoyed by all.

Rev. J. G. Kuppler, in the name of the society, presented Mr. Muehlhausen with a handsome present. In the course of the evening delightful refreshments were served and the guests departed at a late hour, wishing him many more returns of the day.

**Birthday of Mrs. Baxter Celebrated Sunday.**

The eightieth birthday of Mrs. James Baxter occurred Sunday, October 16th, and the event was quietly celebrated at her home on South Main street. As many of her children as were able to be present dined with Mrs. Baxter at noon, and all during the day friends and relatives went to her home to congratulate Mrs. Baxter and extend good wishes.

Mrs. Baxter's maiden name was Margaret Cunningham and she was born in the north of Ireland of Scotch parentage. She was raised in the Episcopal church and has been a devout Christian through her life.

Two of her brothers fought with the British during the Crimean war. They were killed in Russia and were buried in Constantinople. Mrs. Baxter with her younger brother and sister were left as the support of the home. After the death of their mother they came to America in 1866 and came to Alexander to live. In the same year, 1866, Miss Cunningham was married to James Baxter who had crossed the Atlantic on the same boat with her, thru thrift and industry the couple were soon able to purchase a farm near Woodson where they reared six children: S. J. Baxter Woodson; Mrs. E. J. Sooy who passed away in March 1920; Mrs. L. R. Cowdin of Joy Prairie; Mrs. Edward Deaton of Strawn's Crossing; Mrs. Norfian Williams of Kansas City and Mrs. Orville Coultas, who resides with her mother.

The farm near Woodson was sold and subsequently a home was purchased on the Vandalla Road where Mr. Baxter died 12 years ago. This farm was later sold and Mrs. Baxter now resides in South Jacksonville, where she is spending the latter days of a beautiful and useful life.

Mrs. Baxter is a member of the First Baptist church of this city. She is a woman whose strength and nobility of character have always shed a beautiful and refining influence over her friends and the members of her own family circle. Her life has been such as to greatly enrich the community in which she has lived.

## When Mr. Jones was saved from the frying pan—

They talk yet of the change that came over Jones. Some said it was psychology. Some said it was a miracle. All said it was a mystery.

When they asked Jones, he said it was liberation from slavery—slavery to the frying pan, and to grease and starch.

Jones used to take his breakfast fried, and followed this with a heavy lunch.

In those days they said at the office: "Old Jones has a secret sorrow and he's sore on the world."

One day Jones started late—no time for the usual breakfast to be cooked.

Jones had a breakfast on Grape-Nuts with good cream. He was delighted with the crispness and rich flavor. Felt satisfied and "fed." Tried it again at lunch. Kept on breakfasting that way—often lunching, too.

Jones began to "perk up," talk up, step up—GET up.

"Let Jones show you how to do this," they began to say at the office.

As to Jones—he said: "That's a great food—GRAPE-NUTS."

There are thousands of Joneses, both kinds—reckless feeders and wise feeders.

"There's a Reason" for Grape-Nuts

—the perfected goodness of whole wheat and malted barley—delicious, nourishing, ready to eat. All grocers.

FLAMES THREATENED  
WHITE HALL GARAGE

Fire at Knight Garage Saturday Evening Threatened Much Damage—Other White Hall News.

White Hall, Oct. 17.—A party from Patterson drove up to the Knight garage Saturday evening, and while his tank was being filled he lighted a match that communicated with the gasoline. The result was a serious looking situation for a few minutes that called out the fire truck. The flames were smothered before any great damage was done.

A canvass of the Godfrey-Roodhouse line of the C. & A., brings out strong sentiment in favor of the proposition of bringing the morning mail out of St. Louis an hour and fifteen minutes earlier. The canvass was made at the request of A. P. Titus, general manager, who explained that the disadvantage would be a layover at Roodhouse for the west of about an hour, and that if the advantage of the earlier leaving St. Louis would offset this advantage the matter would be further considered in connection with making up the winter time schedule. The advantages at White Hall are not so great as at points south on account of the Burlington having a train from St. Louis almost an hour ahead of the present schedule of the C. & A. from St. Louis, and yet the proposition of the C. & A. for an earlier train far exceeds the disadvantage of the Roodhouse layover as far as White Hall is concerned.

The sale at the Bridgewater farm last week was brought to a sudden close when prices failed to show up even well. A cow was sold for \$34, a nine year old driving mare for \$24, other things in proportion, and a span of mules had been started at \$85 and run up to \$120 when Frank Bridgewater, owner of the farm, stopped the sale on account of the extremely low prices. The farm has been occupied by Lee Bridgewater, who intends to come to town and take charge of the Bridgewater billiard hall.

## QUAIL PLENTIFUL THIS YEAR

The bobwhite is plentiful this year. Two successive mild winters and three good breeding seasons have multiplied bobwhite coveys by the thousand, according to reports to the Biological Survey, United States Department of Agriculture. In Virginia, Maryland, North Carolina, South Carolina, Illinois and Indiana there has not been such an abundance of quail in many years, the department is advised. In a recent trip through northern and northwestern Indiana, the bobwhite was seen in greater numbers than ever before, and was found in many other states in which there is no open season on quail report that the bobwhite is abundant in their localities, notably in Ohio, Kansas, Iowa and Nebraska.

### LETTER TO FARM BUREAU MEMBERS

In the regular monthly letter to Farm Bureau members, the county agent has the following paragraphs to offer:

Why You Should Support the Farm Bureau

1. It is purely a farmers' organization and accomplishes much, where each man working by himself can do little, and it brings its members together in various ways for close co-operation.

2. It commands the respect of business interests dealing with the farmer.

3. It is associated with federal and state governments and is authoritative.

4. It provides men of experience and broad training who give all their time to work in the full interests of the farmer.

5. It secures information and aid of all kinds for its members.

6. It advises and aids in the purchase of limestone, phosphate, pure seeds of all kinds, concentrated feeds, etc.

7. It aids in marketing live stock, grain, seeds, wool, poultry and all farm products.

8. It secures labor and helps men find work on farms.

9. It provides an office and clearing house for all the farmers' needs.

10. It holds meetings which discuss problems of timely and especial importance.

11. It sends regular and frequent letters to its members to let them know regularly of its activities and also reports up to date information from outside sources.

12. It is managed by its own members, who are reliable, conservative men of caliber and are working for the best interests of the county and its agricultural development.

13. Farm Bureau members are identified as progressive farmers.

### Service to Members.

All of the employees of this Farm Bureau wish to be of real service to the farm bureau members. If you wish a farm visit for the purpose of testing soil, giving advice on crops, diagnosing sickness of livestock, cutting poultry, or along any other line, call the office. The service is yours for the asking.

### Control of Corn Rots by Seed Selection.

The corn crop in 1919 was worth more than all other cereal crops combined. The rot diseases of the roots, stalks, and ears of corn are widely distributed in this country wherever corn is grown. They cause heavy losses, particularly in the corn belt. The loss in 1919 is estimated at 125,175,000 bushels or 4 per cent of the total crop. These diseases are caused by several organisms and probably by some other contributing factors. They may be recognized in germination tests and in the fields by certain symptoms and may be largely controlled by the methods described herein. Select well-matured seed at the proper time from healthy plants. Avoid all leaning or broken plants and all broken ear shanks even if the ears look healthy. Select about five times as many seed ears as will be needed, to allow for discarding later all ears found to be diseased. Cure and store the seed ears in a dry, well-ventilated place. After the seed ears are thoroughly dry, discard all ears with denting that is too rough or with pink, discolored, cracked or shredded shank attachments, or with moldy, discolored or starchy kernels. Make a special germination test of ten representative kernels from each seed ear selected. Keep for seed only those ears represented on the germination by ten healthy seedlings, cutting open the ten kernels to make sure they are not rotted, even if the sprout appears to be healthy. Discard butt and tip kernels. Then shell each ear separately by hand. In shelling, discard any ears with kernels that are starchy, moldy or dull in color.

### Poultry Culling.

Will be continued after the middle of the month, so anyone wishing to have their poultry culled please notify the office before the 15th so arrangements can be made for dates. Those who have attended the poultry culling demonstration remember the few essentials in culling. Good clear heads with a good eyes, a good capacity which is a measure between breast bone and two lay bones of at least three fingers, these to be free from flesh, thin, soft and pliable.

### Thrashing Soy Beans.

How to thresh soy beans is a question being asked by many who are attempting to grow soy beans for seed. I believe that almost any standard separator used to thresh wheat and oats can be equipped at a very nominal expense so that it will thresh soy beans very satisfactorily.

The trouble most people have is not being able to adjust the machine so it will thresh without splitting the bean and will at the same time get the heavy straw thru the blower. First, remember that it is speed and not teeth that splits soy beans. By using a large pulley on the cylinder shaft of the separator, reducing the speed of the cylinder to 320-380 revolutions per minute, and using other large pulleys to keep the feeder, shakers, blower and fan running at normal speed, the possibility of splitting the soy is reduced to a minimum. When the cylinders run slow it is advisable to put in three or four rows of concave teeth so that all the beans will be threshed out of the pods and the straw shredded fine enough to go thru the machine easily. Also this finer straw makes better feed for horses and cattle. These adjustments make a very satisfactory bean huller out of an ordinary wheat separator.

Hog Cholera and Hemorrhagic Septicemia.

Both of these have appeared in Morgan county herds. We have

### J. NEWTON WYLDER ELECTED PRESIDENT

Former Resident Now Heads Kansas City Bar Association—Comment by Kansas City Star.

The following from the Kansas City Star will be of interest to many Jacksonville people, as Mr. Wylder was for a number of years a resident in Jacksonville. "It was an open field in the race for president of the Kansas City bar association at the City club last night.

"It was a free-for-all because John E. Wilson, retiring vice-president, had declined to accept the presidency. He could have had it without opposition, as it has been the custom for many years to elect the vice-president as successor to the retiring president.

"Mr. Wilson recently informed lawyer friends that he could not accept the office because of his duties as police commissioner. "L. Newton Wylder, A. L. Cooper and Cyrus Crane were nominated. Mr. Cooper immediately withdrew, saying that it had been the custom to rotate the office of president politically and as the retiring president, John B. Pew, was a democrat, the next president should be a republican.

"That left the race between Mr. Wylder and Mr. Crane. Mr. Wylder was elected.

"Mr. Cooper and Col. Ruby D. Garrett were nominated for vice-president. Mr. Cooper won.

"Caleb Monroe was elected secretary in a race with Carter Tucker. Capt. August P. Behrendt was elected treasurer without opposition. Murat Boyle and John B. Pew were elected members of the executive committee. J. J. Vinyard and Charles W. German were named as a committee to arrange for entertaining the state bar association in Kansas City next month.

### Young Girls Need Care

FROM the age of twelve a girl needs all the care the thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time.

If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter make life easier for her.

Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any woman, young or old.

Guttenberg, N. J.—"My daughter was all run down and had fainting spells often, had a bad complexion, and suffered at her monthly periods. Her grandmother had been taking Lydia E. Pinkham's Vegetable Compound for the Change of Life, and got a bottle of it for her. She began to improve with the first bottle and took five in all and was entirely restored to health. For a time she had not been able to attend school, but she does now. She recommends Lydia E. Pinkham's Vegetable Compound to her friends and I give you permission to publish this letter as a testimonial."—Mrs. CATHERINE MCGLOVE, 304 24th St., Guttenberg, N. J.

Roxbury, Mass.—"My daughter is a schoolgirl and she suffered very much with irregular periods, painful cramps and dizzy headaches. She was sometimes as long as three months between her periods and when they came she was not able to do her school home lessons because she could not even sit up. A copy of one of your little books was left in my letter-box and she began to take Lydia E. Pinkham's Vegetable Compound for her troubles. She is now in good health, is regular and can help me with the housework when not in school."—Mrs. VICTORIA G. SPENCER, 74 Bragdon St., Roxbury, Mass.

## The Greatest Physician of All Is Pure Blood

When The Foods You Eat No Longer Seem To Do You Any Good—Look For The Danger Signals Which Denote Waste Products In The Blood.

How to Clear Your Blood of Waste Products.

The blood is the means by which all the tissues of the body are directly or indirectly nourished. You will at once realize that unless the blood is pure, some part of the body will soon become diseased.

Waste products in the blood are an element of danger. Ninety per cent of the people "below par" are suffering with waste products in the blood.

When your blood is loaded with waste products, you become weak, nervous, irritable and easily upset.

Other symptoms are pimples, boils, or some other skin disorder; loss of weight; and probably rheumatism.

Your blood is your fountain source of energy—therefore keep your blood rich and pure.

For over 50 years, thousands and thousands of men and women

have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at your druggist. Beware of substitutes. Write Chief Medical Director, Swift Specific Co., D-719 S. S. S. Laboratory, Atlanta, Ga. for special medical advice (without charge). He is helping people every day to regain their health and strength. Ask him to send you his booklet, "Facts About the Blood"—free.

## ROODHOUSE WINS FROM WHITE HALL

Roodhouse Shows Great Fighting Spirit Thruout the Game—Frede Made Only Score of Game

Roodhouse, Oct. 17.—Playing with a precision and fighting spirit seldom ever shown by high school teams, Roodhouse won over White Hall at Legion Park Saturday by a score of 6 to 0. Never was a game more hotly contested and every inch of ground was battled for with rigid determination. So evenly were the teams matched that it was problematic until one or the other got the "breaks." It came in the second quarter when Roodhouse had the ball on their own twenty yard line. Repeated backs brought the pigskin up to the four yard line and Frede, the plunging full back, carried it over on a buck. He failed, however, to kick goal.

From that time on it was an air tight battle, neither side gaining sufficient advantage of the other to force another point. Time and time again the ball was well into the danger zone and both teams were within striking distance, but by dint of hard playing it was forced to the other side on downs. Roodhouse held for downs on the enemy's one yard line and Frede punted to safety for about fifty yards.

In the early part of the game Frede's attempt at a place kick failed and the White Hall players walked the ball down into the local's ten yard line. Here they were held for downs and they resorted to an aerial attack, which, had it been successful, would have netted them at least one touchdown. The Roodhouse boys were equal to the attack, and foiled all attempts. In so doing they were able to combat White Hall's favorite style of play—the forward pass.

Dill at half, played a stellar game, making gain after gain through the White Hall line and around the ends. Frede's terrific line plunges told as yard after yard was made thru their first line of defense. Watkins, the peewee half back, played a clever game and got away well when the ball was in his possession. E. Ligon, the "General Grant of the team, played has men at all times for the advantage, carrying the ball himself for many substantial gains. Dill was replaced in the second quarter on account of injury by Whorals, who gave good account of himself. The home team line was a veritable stone wall. Seldom could Goode, the White Hall full back, gain an inch thru either Teeple or McPherson, who played a real game at guard. Hannaford and A. Ligon, at tackle, were able at all times to get into the play and tear up the interference. Phillips, the snappy lightweight center, handled his man, who outweighed him, with utmost ease.

Thompson and Merrill at end were sufficiently fast to enable them to break up everything that came their way.

Goode for White Hall played a greater part of the game on his much heralded merit, however he failed to prove up to the high standard which he has been placed. Boyd and Smith both played a good game. Severe penalties were inflicted upon White Hall on account of rough play and illegal tactics.

The first quarter was slow enough, the second quarter was a little better and the third and last quarters were even in every particular. Both sides were repeatedly held for downs and were forced to kick. Forward passes were worked by both sides and were equally unsuccessful.

Taking it altogether, it was the hardest fought battle ever staged on the local field in the history of high school football. The home team has not been scored upon this year.

## DOINGS AT GRACE CHURCH

Grace Sunday school is sure getting to be a popular place for the young people. The many large classes for young men and women in the school offer almost every facility that it is possible for a school to offer. The large student class taught by Mrs. Lambert is exceedingly popular, there being about sixty in attendance. Miss Terhune of the Illinois Woman's college sang a solo to the delight of the school. There were in attendance in the school 358 and the offering amounted to \$16.08.

At the morning worship the sacrament of the Lord's Supper was administered. The Intermediate league met at 2:30. At the Epworth league service at 6:30 the new officers for the ensuing year were installed by

the pastor in the presence of a large company of young people.

At the evening worship the pastor preached the first of a series of addresses on "The Landmarks of History, in the Light of Calvary." Is history repeating itself? The subject of the sermon last night, "The Fall of the Roman Empire."

If the addresses that are to follow are in keeping with the first as delivered Sunday evening, the people of the church and congregation have a great treat in store. The music at both services was in keeping with the high standards of the work of the choir.

The School of Religion under the direction of the Methodist churches of the city will have its first meeting on Tuesday evening at 7:30 at the Woman's college. This school is open to all Sunday school workers

and those interested in Bible study and Religious Education.

The Pastor's Aid will sew all day on Wednesday at the church.

The Woman's Home Missionary society will meet in the social parlors of the church on Wednesday afternoon at 2:30.

Mid-week prayer service on Wednesday evening. Subject: "The Life of Jesus."

Boy Scout Troop No. 7 will meet on Thursday evening.
